"Growing Kids God's Way"

This video teaching series is a 18 week course with an inductive format by Gary and Ann Marie Ezzo. They have maintained five goal's in developing this parenting ministry.

1. To raise a generation of children to the glory of God, NOT the glory of man.
2. To provide practical instruction that will help parents understand both the principles of biblical training and their application.
3. To instill confidence in each and every parent who participates. (The confidence in God's word, which is sufficient both in truth and practice.)
4. To help families look positively toward the teen years. If God's standards maintained, the teen years can be among the best ones.
5. Establishing a biblical world view for parenting by capturing the hearts and minds (I Samuel 16:7). The principles of "Growing Kids God's Way" are not designed to work on a child's outward behavior, but rather on the inner attitude of the heart.

"A Woman More Precious Than Jewels"

Dying to self and true love, submission, meekness and quietness are all alien to our human nature. Therefore, the only way any woman will ever discover what it means to be "A Woman More Precious Than Jewels" is, to know Jesus Christ as her personal, indwelling Savior and Lord, and then to discover what the truths of Romans 6-8 means in practical, everyday experience. As she 'walks in the spirit,' she will become the woman God designed her to and a woman He can and will use!
